A SOUND POINT

Representative Martin L. Dies, of Texas, good Democratic territory, recently scored a sound point in a radio address on the subject: "America for Americans."

He contended with adequate figures, that the number of aliens employed in America was almost identical with the number of aliens in the country. And he further submits that if all the aliens illegally in the nation, some three and a half million, jobs might be made vacant to employ as many of our own citizens as would the recent Dole relief bill.

America should not be the dumping ground and we cannot afford to be an asylum for those who are unable to sustain themselves in other countries.

OUR SENATORS' VOTE

The Times Virginian feels that in the light of their past record for economy in government and careful guarding of the treasury, both Senator Byrd and senator Glass were not only consistent but justified in casting their votes against the bonus bill adopted by congress. Consistency is a political virtue and no state has representatives more consistent in their positions than has Virginia in the persons of Harry Flood Byrd and Carter Glass.

DEPOSIT INSURANCE

Since March 1932, the condition of the banks of America has been remarkably solidified and strengthened. The Federal deposit insurance has aided public confidence in the banking institutions of the country. We believe that the banks are in a uniform healthy condition. Therefore we take the viewpoint that it is entirely unnecessary to make the banks increase to one eighth from one twelvth of one per cent of their deposits the amount they have to put up. That amounts to a 50 per cent increase andis, we are convinced not warranted.

LOOKS BETTER

We cannot recall a spring when the gardens and yards received so much attetion as they have this year. It is a wonderful thing to drive around town and see home after home with well kept laws and premises.

Perhaps our good ladies and the Garden Club deserve the credit.

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. C. B. Ratliff, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. How your MONEY WORKS FOR YOU IN A Checking Account

When you put your money in a savings account you get interest on it. In a checking account you get service for it—and let the bank draw the interest. In return for this interest the bank gives you privileges worth far more to you than the interest itself.

When you maintain a balance commensurate with your use of your checking account privileges, the bank will be reimbursed for the expense of serving you. Otherwise, the bank may properly look to you to meet this expense.

Money in a checking account is an investment that pays you real dividends.

MONEY in your Kitchen

THERE'S money earned (by being saved) in your kitchen every day if there's a Superfex Oil Burning Refrigerator in the corner. Superfex saves your foods from spoiling during the hottest days . . . provides the means to convert "leftovers" into tasty meals . . . gives you ice cubes for cooling drinks . . . saves you thousands of steps rushing downstairs or outside for foods that should be within easy reach in your kitchen. The burners of Superfex burn only about two hours a day to give you perfect refrigeration for 24 hours. Housewives tell us their total cost of Superfex is about ten dollars a year, sometimes less . . . and the money saved by Superfex is several times that amount.

Let us tell you about the five Superfex models . . . there's one to suit the needs of every family. When you've seen the one you like, you will be surprised to learn how easy it is to have one for your home.

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Thedford's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Thedford's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that." .
